

I listen to KLOVE radio daily on 91.1 in Denver. This is the only radio station of its kind in our area; contemporary Christian music, no long preaching times, only great encouraging music. There are a few other Christian stations, but none where you can count on hearing music 24/7. There are so many stations that play oldies, jazz, rock, talk shows... so it is important to me to have KLOVE as an option.
